

Help us solve this problem...

As you know, we had a successful Pancake Supper this year with probably more than 175 people served. Based on intelligence gathered from attendees and other sources, we anticipate the crowd at the 2020 Pancake Supper should be around 325 people. Currently we have on hand \$200 in the treasury we can use to help address this increase in volume.

Obviously we need suggestions on how we can meet this projected need by Shrove Tuesday, 2020, which is Feb 25. Let's discuss this as a group to see what can be done! And thank you!
